- **Compositing and editing:** image manipulation and compositing, non-destructive workflows, layer management and masking, selections and clipping masks, Iris Blur (Blur Gallery)
- **Design:** typography and text effects, brand identity, infographic design, digital marketing graphics, layout design
- **Delivery:** exporting and preparing assets for different platforms and applications

PROFESSIONAL EXPERIENCE

INDEPENDENT GRAPHIC DESIGNER

Debest Creative | 2021 to Present

- Produce brand materials, campaign visuals, infographics and social graphics in Photoshop for technology, Web3 and other digital projects.
- Apply typography, text effects, visual hierarchy and composition to translate creative briefs into finished designs.
- Use layers, masks, selections and Smart Objects for controlled, editable work.
- Manipulate and composite images to meet specific creative outcomes.
- Prepare and export assets for different digital platforms.

Selected projects: KedolikSwap, SQWAD, AlphaX, TokenFi, MediGo, PEEC, TON-AFRIC, DEX.cc, Web3 on Campus and others.

PHOTO EDITOR & IMAGE MANIPULATION

Murphy Studio | 2022 to 2025

- Edited clients' photographs in Photoshop, with retouching and colour correction to improve quality and presentation.

- Applied image manipulation and compositing to meet specific client requirements.
- Used layers, masks and non-destructive editing for controlled adjustments.
- Prepared edited photographs for delivery and professional presentation.

HEAD OF MEDIA
Dunamis Mbak Itam III (Dunamis International Gospel Centre) | 2024 to Present

- Oversee the church’s visual content, video production and livestreams.
- Edit photographs in Photoshop for church media, with retouching and colour correction.
- Design graphics for church events and programmes.

ACHIEVEMENT
